

《办公室最实用的英语口语：失眠》

你昨晚睡得怎么样?如果没睡好可以会影响第二天的工作哦!Jane昨晚就失眠了,我们来看她是怎么说的吧。

Mary: Jane, you look bushed. Didn't you get a good night's sleep?

玛丽:简,你看起来好疲倦。昨晚没睡好吗?

Jane: Nope. John kept me awake all last night.

简:是啊,昨天约翰吵得我一晚上都没睡着。

Mary: Oh!?

玛丽:啊?

Jane: I don't know why. John rarely snores, but last night he really started sawing some logs! And it wasn't just any snore. It was more like a herd of elephants running through the room!

简:我也不知道是怎么回事。约翰很少打呼噜的,但是昨天晚上他的呼噜就像是拉锯。那哪是呼噜啊,简直就像一群大象从屋子里跑过。

Mary: My grandpa used to do the same thing. Sometimes he would even wake himself up. He snored so loud! I always thought it was funny.

玛丽:我爷爷以前就是这样。有时候他的呼噜太响,把自己都吵醒了。我倒是觉得很好玩。

Jane: Well, I'm certainly not laughing about John. I don't think I can take another night like that again.

简:我当然不会笑约翰,但是我肯定不能再忍受第二个这样的夜晚了。

Mary: Have you considered buying some earplugs?

玛丽:有没有想过买耳塞?

Jane: You bet! In fact, I'm going to buy some at lunch!

简：没错。我中午吃饭的时候就去买。
